

EARLY YEARS STEM OUTDOOR BALANCE SCALES

PT-SP-0036

Our Early Years STEM Outdoor Balance Scales are a fantastic addition to any outdoor learning environment, perfect for inspiring young, curious minds. These scales provide children with a hands-on, engaging way to explore concepts of balance, weight, and measurement. As children experiment by weighing different materials like stones, wood, gravel, and more, they not only learn about balance but also develop important mathematical skills such as comparison, estimation, and problem-solving.

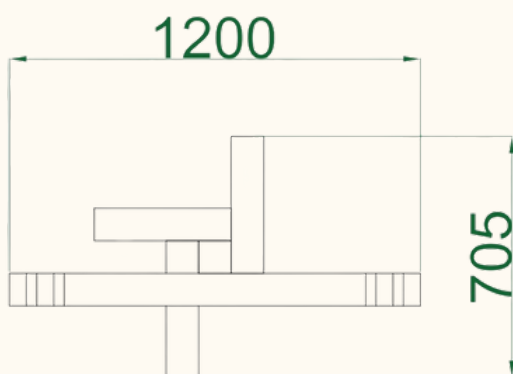

**Encourages
Discovery and
Sensory Play!**

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.
