

FOREST SCHOOL OUTDOOR MUD KITCHEN

PT-SP-0060

The Forest School Outdoor Mud Kitchen provides a versatile and engaging workspace that opens up a world of play-based learning possibilities. It's perfect for encouraging imaginative and hands-on activities such as exploratory play, messy play, and water play. Children can use it as a potting and seed station to learn about nature and gardening, or simply dive into the creative fun of crafting the ultimate mud pie! Whether it's experimenting with textures, nurturing curiosity about the natural world, or developing fine motor skills, this mud kitchen fosters endless opportunities for discovery and learning through play.

**Encourages
Roleplay!**

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

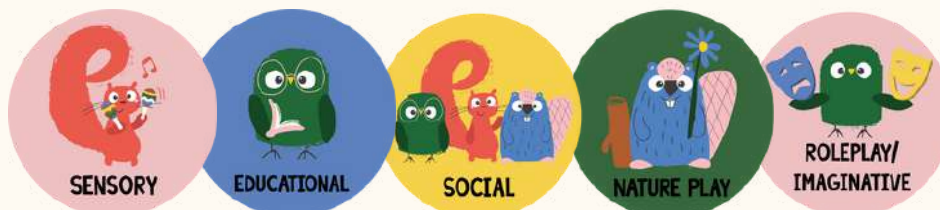

Stokbord sheet is a robust and versatile board, perfect for applications where a low-maintenance alternative to traditional materials is needed. Crafted from recycled plastic.

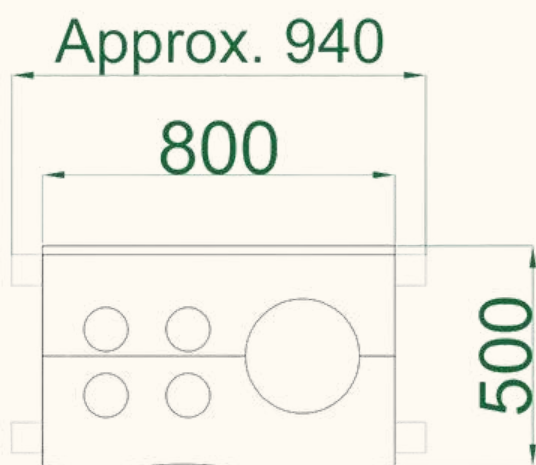

Larch is a natural softwood timber. Due to the nature of the wood, each piece will differ in size and shape, giving a rustic look. Wood is a living, organic material, which will respond to the environment overtime. Bark may come away, and cracks will expand and contract as the wood changes overtime.
