

OUTDOOR WOODEN MINI CLIMBING FRAME

PT-AP-0142

Our Outdoor Wooden Mini Climbing Frame offers an exciting and versatile play structure for children to climb, explore, and enjoy endless hours of fun! This engaging piece of equipment not only promotes physical development by enhancing strength, coordination, and balance but also encourages children to build confidence as they tackle new challenges. With its open-ended design, the climbing frame sparks creativity and imaginative play, allowing children to invent their own adventures as they navigate its features on both sides of the frame.

**Encourages
physical
development!**

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

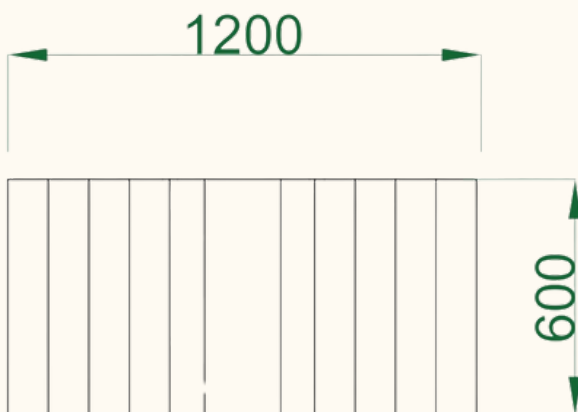

Synthetic Hemp also known as Polyhemp is ideal for outdoor projects as it does not rot, with its natural appearance but qualities of a synthetic rope this rope is used to add character to many of our products.
