

FOLDABLE TUFF TRAY STAND

PT-IM-0031

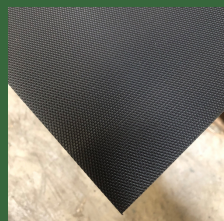

Our foldable tuff tray is built using tanalised timber and a stainless-steel bolt, so no need to worry about rotting or rusting. Each stand is fitted with two adjustable brackets to allow you to secure the tray to the stand. This stand is designed so it can also be used on uneven surfaces. To fold away, simply lift the top leg and twist... Easy peasy!

*** Please note, there are multiple sized trays on the market and ours is designed to fit the standard size (1m x 1m)**

Tray not included.

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

Stokbord sheet is a robust and versatile board, perfect for applications where a low-maintenance alternative to traditional materials is needed. Crafted from recycled plastic.
