

TIERED PLANTER

PT-LGF-0005

Our 2-Tiered Planter is an exceptional tool for encouraging hands-on gardening and learning in any outdoor setting. Perfect for potting and planting, this multi-level planter engages children in the wonders of nature while promoting essential developmental skills. As they work together to plant and nurture various flowers, herbs, or vegetables, children enhance their language and communication abilities through shared experiences and conversations. The collaborative nature of gardening also fosters teamwork, as children plan, plant, and care for their garden together.

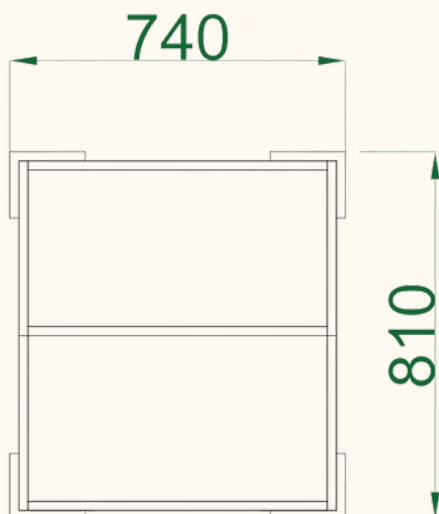

**Encourages
Nature Play!**

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

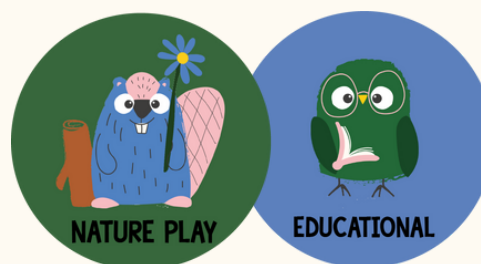

The 40L rectangular Black tubs are extremely durable, making them a perfect containment to hold water or soil. The depth of the tubs is approx. 220mm.
