

OUTDOOR BUG HOTEL WALL WITH GROWING PLANTER

PT-SP-0057

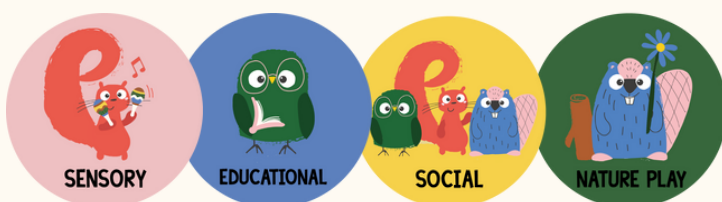

Fancy a stay at Buggingham Palace? This Outdoor Bug Hotel Wall with Growing Planter offers children endless learning opportunities, connecting them with the natural environment while fostering their observational skills and sensory development. Children will be captivated for hours, watching the bugs check in, tending to the growing plants in the low-level planter bed, and exploring the wonders of nature up close. Constructed from natural timber, the structure blends seamlessly with its outdoor surroundings, creating a whimsical and inviting space that encourages exploration and imaginative play.

Encourages nature play!

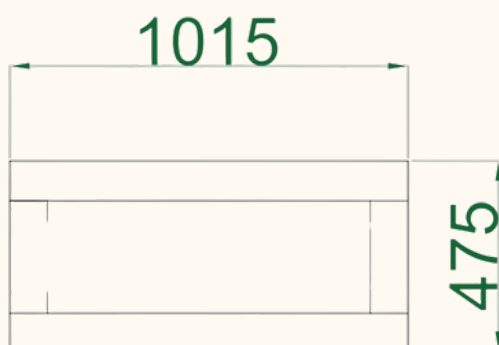

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

HDPE sheets are thermoplastic materials that are used in many of our products. The versatile properties, including UV stability, make it resistant to fading, moisture, weather, stain and graffiti.
