

# OUTDOOR PLAYGROUND LIBRARY SHED

PT-SS-0070

The Timber Outdoor Playground Library Shed is a charming and functional structure designed to foster a love of reading in outdoor play areas. Made from durable timber, this library shed features a felt covered roof and a chalkboard signage panel, that invites exploration. The shed includes internal shelves, which allow plenty of room for children to store their favourite books. The shed features a double door to protect books from the elements while still allowing children to see inside.

designed to  
encourage  
literacy learning!

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

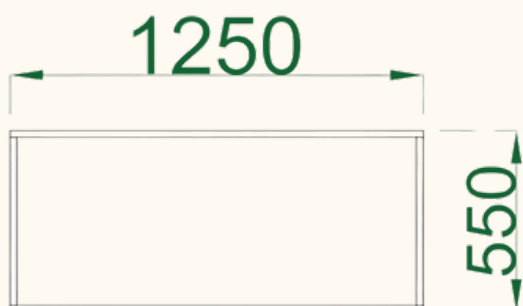

The premium grade polyester roofing felt has a fine asphalt mineral to upper surface, making it perfect for outdoor storage units and shelters. It has a life expectancy of approx. 10-15 years.

The chalkboard's face is made from Black matt SMA laminate, providing a smooth, writable surface. The backing is constructed from 12mm plywood, chosen for its density and hardness.
