

PLAYGROUND OUTDOOR HANDWASH STATION

PT-SP-0009

At Precision Timber, we make things that help kids learn and also learn important skills for life. Our Playground Outdoor Handwash Station is made to show kids how to wash their hands well and do it by themselves. This helpful and fun thing to have outside is really good for places where kids play with mud or get messy, so they can clean up before going back inside.

Features a
stainless steel
bowl and
bucket!

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.
