

GIANT WATER WALL

PT-SP-0008

Welcome to Precision Timber! Our Giant Water Wall is an excellent addition to your school's or nursery's outdoor learning environment. This engaging and interactive water wall is perfect for sensory play, allowing children to explore, learn, and have fun while discovering the fascinating properties of water. Designed to captivate young minds, the Giant Water Wall is a must-have for any educational setting.

Encourages
sensory play!

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

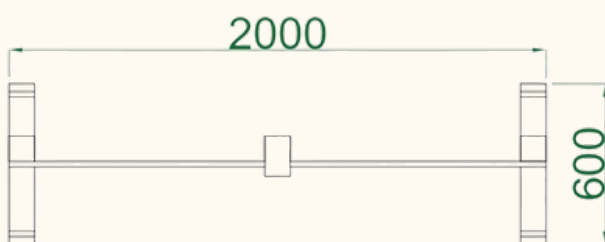

HDPE sheets are thermoplastic materials that are used in many of our products. The versatile properties, including UV stability, make it resistant to fading, moisture, weather, stain and graffiti.

A 40mm clear PVC pipe is used to facilitate water flow, while White knuckle bend fittings are used to connect the pipes and direct the flow as needed.
