All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

HDPE sheets are thermoplastic materials that are used in many of our products. The versatile properties, including UV stability, make it resistant to fading, moisture, weather, stain and graffiti.

18mm thick, anti-slip mesh phenolic birch plywood sheets are fitted to reduce the risk of slips and falls.

The fixing points are covered with Green tamper-proof plastic capping's. The caps are securely fastened and boast a smooth feel. The caps are approx. 36mm.
