

# MARK MAKING TABLE (SQUARE)

PT-SS-0018

The square mark-making table is a versatile piece of furniture designed for young children to engage in creative activities such as drawing, writing, and crafting. It provides a communal space where multiple children can work simultaneously, fostering collaborative play and learning.

We also do a version of this product, with a circular top!

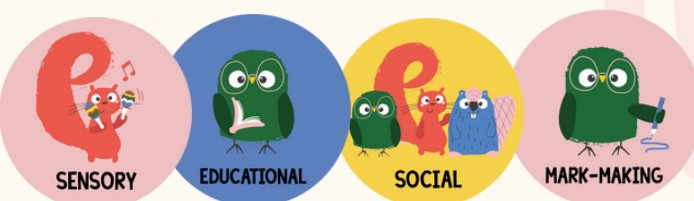

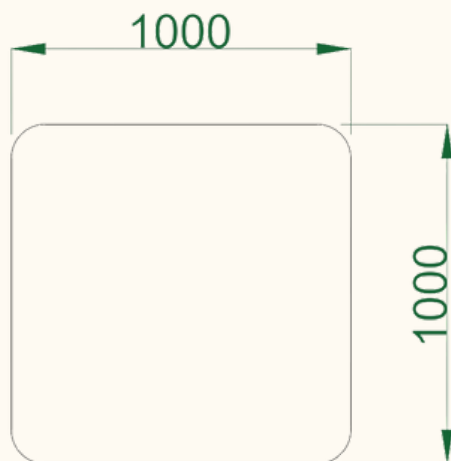

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

The chalkboard's face is made from Black matt SMA laminate, providing a smooth, writable surface. The backing is constructed from 12mm plywood, chosen for its density and hardness.
