

PLAYGROUND INTERCHANGEABLE TRAFFIC LIGHTS

PT-IM-0004

The Playground Interchangeable Traffic Lights are a standout feature for any play environment that promotes imaginative and sensory play, offering children a unique and engaging way to immerse themselves in various scenarios. The ability to manually switch the colours of the traffic light – Red, Yellow, and Green – provides a captivating interactive experience, inviting children to take control of their play.

Encourages Roleplay!

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

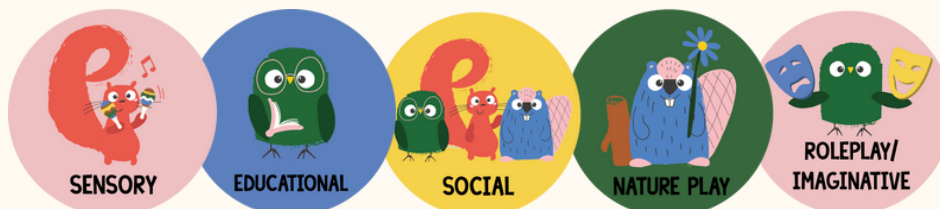

Stokbord sheet is a robust and versatile board, perfect for applications where a low-maintenance alternative to traditional materials is needed. Crafted from recycled plastic.

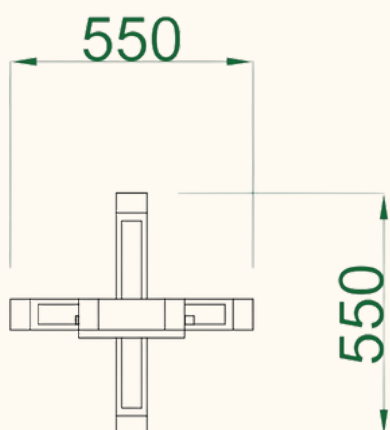

HDPE sheets are thermoplastic materials that are used in many of our products. The versatile properties, including UV stability, make it resistant to fading, moisture, weather, stain and graffiti.
